ABDULLAH ALAA

+20 1001462294 | abdala.aa51511@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full-Stack Web Developer and Engineering student focused on building responsive, user-friendly web applications with React, JavaScript, and modern CSS. Hands-on experience through structured training and personal projects, including interactive UI development, REST API integration, state management, and Git-based workflows.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript, Tailwind CSS, Bootstrap, Responsive Design, Component Architecture

Back-End: Node.js, Express.js, REST APIs, Authentication & Authorization, Middleware

Databases: MongoDB, PostgreSQL, JSON-based Storage, Data Modeling

Tools: Git, GitHub, NPM, Linux, Debugging, Testing Fundamentals

Soft Skills: Problem Solving, Critical Thinking, Clean Code, Fast Learning, Adaptability

PROJECTS

React.js Portfolio Website | Live Demo | GitHub

- Built and deployed a responsive React portfolio using React 19, Vite, Tailwind CSS 4, and reusable components.
- Created an immersive hero experience with 3D Spline visuals and smooth GSAP/Framer Motion animations.
- Implemented a filterable projects section, responsive navigation, and contact forms with EmailJS success/error feedback.
- Applied lazy loading for the 3D scene and mobile-first styling to support a polished experience across screen sizes.

Jammming — Music Search & Playlist App | GitHub

- Integrated the Spotify Web API and OAuth 2.0 for track search and playlist management.
- Built dynamic, state-driven UI components with React hooks and playlist persistence.

Personal Portfolio Website | Live Demo

- Developed a mobile-first portfolio using HTML, Tailwind CSS, and JavaScript, with glassmorphism styling and CSS marquee animations.

TRAINING & EXPERIENCE

React Frontend Web Developer — Digital Egypt Pioneers Initiative (DEPI) | Nov 2025 – Jul 2026

- Completed a structured React frontend development track, building React and TypeScript applications using common code conventions and Git/GitHub workflows.
- Practiced integrating front-end applications with Node.js and Express services and contributed to a React + Node.js capstone project.

Full-Stack Web Development Intern (MEAN Stack) — National Telecommunication Institute (NTI) | Summer 2025

- Built practice applications with Angular, Node.js, Express, and MongoDB; developed and consumed REST APIs.
- Practiced backend routing, middleware, MVC patterns, and collaborative development workflows.

Full-Stack Engineer Program (PERN Stack) — Codecademy | 2024–2025

- Completed hands-on work in PostgreSQL, Express.js, React.js, and Node.js, including REST APIs, interactive UI components, Redux state management, and application architecture.

EDUCATION & CERTIFICATIONS

Bachelor's Student, Faculty of Engineering — Zagazig University | 2022–Present

Full-Stack Engineer Career Path — Codecademy | Issued Jan 2026

MEAN-Stack Web Development — National Telecommunication Institute (NTI) | Issued Sep 2025
